"Please note I used beautycall for a special event not my wedding. The event was a black tie Ball."

"On first contact Jenny was excellent help and arranged a quick trial for me with Emma as my original hair and make up lady had cancelled on me 2 weeks before the wedding. Emma did an amazing job at the trial and interpreted the pictures I'd collected of hair styles and make up styles perfectly on the day she arrived at the time arranged and recreated exactly what we'd trialed seamlessly - I'm so happy that my other hair and make up lady cancelled!! a great experience with this company :)"

"At the last minute I decided to use Beauty Call. From the moment I had my trial hair and make up I knew I had made the right choice. They took all the stress out of my wedding day leaving me feeling relaxed and confident and able to really enjoy our day. The lady that did my hair and make up achieved the natural yet special look I was looking for without being over the top."

"I was recommended beauty call by my wedding venue and i was so pleased with the excellent service jenny buckland from Beauty call gave me, Jenny came to my home and she was very well presented and had excellent equipment for my hair and make up trial, when it came to my wedding day she arrived early and she made me feel very calm! Jenny made me look stunning on my special day and i cant thank her enough! "Very friendly service. Nicky was amazing, very patient and calming on the day. Rehearsal was good and made me even more excited and confirmed I'd picked the right team to do hair and makeup. She had very modern ideas and listened to what we all wanted. Not a French pleat in sight! I only wish she was with me every morning to make me look so great!!!"

wedding day she was wonderful and really made me feel special, it was as if we had know each other for ages and she was a special friend of the family."

"Lou was amazing, like having your hair and make up done by one of your friends - she made me feel so at ease and I actually wanted her to come to the wedding!"

"Was very satisfied with Beauty Call - they did a fantastic job and the hair and make up artist knew exactly what i wanted - they were very professional as well as friendly - i felt very relaxed and knew they were more than capable on my wedding day."

"Right from beginning when I had my trial Nicky from Beauty Call was superb I could not have asked for anything better on the day of our wedding. I felt pampered and she made me feel so so relaxed. Many asked me about my hair and make up and commented just how well the hair style went with my vintage dress. As for the make up it lasted the whole day and looked very natural. I would highly recommend Beauty Call to any Bride to be!!!!"

"I was concerned about having my make-up done professionally as usually I do not wear alot of make up but I was extremely pleased with the job Jenny did with my hair & make-up. She used the best products too. Also, my hair is very straight & difficult to curl, it usually drops very quickly but Jenny managed to curl my hair so that it stayed in all day. She is friendly & very easy to talk to so we had a good natter on the day which also calmed my nerves. I felt the price was expensive but the end product was so good I'm really pleased I spent that bit extra!"

"Loved their service they provided, would recommend to anyone."

"I used Beauty Call for my wedding day which took place on 2 September 2011 and the service i received was brilliant. They made me feel fantastic on my wedding day and i will definately be recommending them to friends and family."

"really pleased with the service i recieved from beauty call i was always kept updated to the run up too my wedding. Stephanie was always available to take my calls and was always so friendly and helpful."

"I received fantastic service from Beauty Call... my makeup was perfect and lasted all day, even when I cried!"

"The hair and make up artist from Beauty Call was professional and extremely talented. She made an amazing job of our hair and makeup. She really put me at ease on my wedding day and made me feel like a princess! I would definitely recommend Beauty Call."

"After having a nightmare hair trial with my regular hairdresser I contacted Beauty Call to arrange a trial. Nicky was really helpful from the beginning and arranged Laurence to do my trial. Both the trial and wedding day went so smoothly, Laurence arrived with plenty of time to set up and was so calm throughout. She didn't leave until we were all ready and totally happy with our hair. Would recommend 100% to take the stress out of the day and make you feel fab on your wedding day."

"Excellent all round!"

"Just great to have someone as great as Sam by your side on an exciting but also nervous day. Sam totally listened and fully understood the look I wanted. Thank you so much!"

"Service provided by Beauty Call is amazing. Nicki was great on my wedding day and my sister and cousin are also using her services fro their weddings."

"Fantastic service from Sarah at Beauty Call. She was so helpful during the trial session - she came with lots of ideas for hair and make up and helped to guide me to what I wanted (I really had no idea what I wanted doing for my hair!) And then on the day itself she was fab, she helped out with little things like tying my dress, arranging my mums hair once she had her fascinators on, etc. Absolutely fantastic service, I would definitely recommend them to anyone."

"I phoned them at short notice needing a hairdresser on the day of my daughters wedding and they were fantastic. They found someone and let me have all the information I needed and Amy the hairdresser couldn't have been nicer. She did a brilliant job and I receive lots of compliments about my appearance."

"Fantastic company, Ran by a very kind and caring person - Nicky. So organised and always made to feel very welcome. Nicky was amazing on my wedding day. The service was amazing, A ***** Company and would always recommend."

"The trial was great, very professional staff"

"I was recommended Beauty Calls through one of the wedding venues we went to visit. I was really impressed with their service and organisation. Belle who did my hair and make up on the day was brilliant. Not only did she spend ages with me at my trial but on the day was great as well. She was on time and finished in plenty of time before the wedding. She was calm, professional and really helped me enjoy the morning. I would not hesitate to recommend them."

"If I could rate the 'level of service on the day of the wedding' higher than a 10, I would. My hair and makeup artist was amazingly calm, professional, and efficient. She did a beautiful job with my hair and makeup, as well as my bridesmaids and mother. She even adapted to all the changes I wanted that day, and I felt beautiful on my wedding day because of her."

I was quite worried about my hair and make up as I don't usually wear any make up and have very sensitive skin; also I wanted a quite unusual 1930s style, and I hadn't really seen anything in the bridal magazines that appealed to me. At the trial Lindsay gave me some good advice about treating my skin before the wedding day and got the hair so perfectly - I loved it instantly. On the day she was calm and collected and did a great job on my two bridesmaids, again capturing the look I wanted perfectly. Everyone commented on how amazing my hair was and the make up was perfect too. I wouldn't hesitate to recommend Beauty Call and Lindsay in particular."

"I goggled various make-up companies but beauty call stood out for me because they catered for every coloured skin. Black, Asian, white etc."

"Level of service was amazing, the lady who did our hair and make up even came all the way to Swansea to look after us. She did an amazing job at not only the hair and make up but keeping me calm when everyone else around me was getting pretty stressed. Just to note I completed this form on an iPhone and so couldn't move the sliders, however I scored beautycall 10 for everything except post wedding service as this was not applicable."

"They are ever so proficient & friendly"

"My artist, Amy Skinner, did an amazing job with both my hair and makeup. She understood the look I was going for and created it. My hair and makeup stayed in place all day. Amy was very nice and friendly and was happy to give helpful advice before my wedding and on the day."

"My beautician Nicky was fantastic at the trial and on the wedding day. Not only was she organized, but knew her stuff, my makeup on my day looked natural but beautiful and my mum who does not wear a lot of makeup normally was especially pleased with her face on the day!! Both my bridesmaids makeup was gorgeous and her timings on the day went to plan!! We were so pleased, we also booked my sisters wedding for the following august!!!"

"Beauty Call were fantastic. I was terrified about trusting a stranger to do my hair and make-up but knew I would not be able to cope on the day. They made everything easy, including coming to my own home for the trial and then my parent's home for the actual wedding day. They interpreted my style and made excellent suggestions. And, most impressively, they coped with and indeed calmed me down with regard to the stress on the day including other people running late, etc. I would unreservedly and highly recommend their services."

"Nikki did the most amazing job of my hair and make-up and kept me so calm on the day, she made me feel amazing. Very professional and would recommend to all!"

"Beauty Call were really helpful and friendly throughout the process from my initial telephone call until I said goodbye to the make up artist when I left for the church. The booking and payment were really simple and when I changed my requirement and location this was also easy to arrange - nothing was too much trouble. On the day the consultant turned up on time and did a great job for those that I had booked in and paid for. She even went beyond her call of duty and helped my nan with her fascinator when she got stressed and also helped get me in to my dress - I don't think I would have made it on time without her. I was really pleased with my hair and make up and I had many compliments on the day. I have been asked a few times by brides to be for Beauty Call's details which, of course, I have passed on."

"On the day of my wedding, the artist turned up earlier than scheduled, she made me very calm and I had to slightly change the style of my fringe, also she had to take comments from other people who were watching her work, she was very patient. The hair and make-up lasted the whole day and I felt it was worth paying for and did not have to worry about anything. I would highly recommend Beauty call as they have professional make-up artists and the make-up used is of good quality."

"From the first time I met Nicky I was so impressed by her warm nature and professionalism. Every time I sent an email I got a reply back straight away which is always a sign of a well managed company. Nicky spent over 3 hours at my house during the trial and wouldn't leave until I was completely happy. She used top of the range makeup / brushes and seems very knowledgeable on all the new products out on the market. She

arrived 10mins early which allowed her time to set up and prepare before she started on my hair and make-up. She chatted to the other bridesmaids and even offered to help one of my friends sort her hair out. Nicky was a true star! It was by far the best £210 I spent towards our wedding... Nicky took total charge and I was absolutely trilled to see the end result... I would highly recommend Beauty Call to my friends."

"The level of service we received was amazing and nothing was too much trouble including me completely changing my mind on the day as to how I wanted my hair despite having had a prior test session, and 3 bridesmaids all requiring completely different styles - they all looked beautiful whilst maintaining their own unique styles. I also had my makeup done which I was so happy with. Would definitely use Beauty Call again if I could just find a suitable occasion to warrant it!"

From the trial to the wedding day itself, Beauty Call could not have been more helpful. I was nervous about having someone do my hair and make up, but they put me right at ease from the start. Everyone commented on my hair and makeup on the day. They even helped my manage my florist when I didn't like the bouquet, and helped my mum put the finishing touches to her outfit. They couldn't have been more helpful."

"The best company to use for weddings and events"

"Danielle was superb, very flexible and offered a fantastic service!"

"Beauty Call is amazing, they answered all my emails so quickly! And the person (Grace) who will be doing my hair and makeup is so lovely. She made me laugh and I felt so at ease (which will come in handy on the wedding day) I would recommend Beauty Call to anyone!! I'm stressed about alot of things but my hair and makeup is not one of them!!"

"Have already recommended them to a couple of friends getting married next year."

"Beauty Call were an absolute pleasure to deal throughout the whole lead up to my wedding. Our consultant was fantastic, listened to what we wanted and did makeup exactly suiting myself and then each of my bridesmaids. She was helpful, calming on the day and over all a wonderful part of my wedding. I cant thank them enough."

"Beauty call gave me the confidence in how my hair and make up looked on my special day that a previous couple of trials did not achieve. It was most important to me that I felt confident and happy and they certainly achieved the exact look that I wanted. Not only was I really happy with the finished look for the day I was made to feel completely relaxed and at ease on the morning of my wedding while having my hair and make up done. I couldn't thank Beauty call enough for what they did for me on my wedding day."

"Ella was fantastic, she took all my nervousness on the day away and knew when I needed some calm. A fab job on the hair and make-up, which I never could've done myself! Ella even worked in two locations to make the morning run smoothly. Thanks Ella."

"Very friendly and approachable. It is rare I would book a service directly from a stall at a fair. Whole process was easy :o)"

"Fab service! Made me look and feel great on my big day."

"Stephanie Dorelli the beauty call make up and hair artist i used is absolutely fantastic and such a nice person. Definately deserves a 10 out of 10. She was very calming and so nice to have around and a real asset on the day! Thank you so much Steph!"

"I used Beauty Call on recommendation from a friend. The level of service received from the initial trial booking to the makeup on the day of my wedding was excellent. I was made to feel totally at ease and comfortable with the whole process which was highly appreciated given the stress of organising the wedding. The quality of the products used was extensive and alot of care and attention was given to my requirements and that of my mother and sister who also received a makeover on the day. All in all a great supplier which I would thoroughly recommend."

"Excellent service and product highly recommend"

"As someone who does not normally wear much make up or do much fancy stuff with my hair, I felt very reassured and confident having had the pre-wedding hair and make up practice. On the day, the lady was very calm, friendly and flexible and made us all look gorgeous."

"Marie at Beauty Call did my hair and make up for my wedding, as well as hair for one of my bridesmaids. She was very helpful and friendly throughout the whole process, from initial enquiry to the big day. I had a great time at my trial - I didn't have many ideas for what sort of look I wanted, apart from a vintage feel, and Marie made some great suggestions and

came up with a look I loved! I'd struggled to get much inspiration online for bridal styles for shorter hair, so her help was invaluable. On the day, I felt like an absolute princess and had so many compliments from my new husband, friends and family, particularly on my gorgeous vintage curls and perfect bright pink lips! My make up lasted very well all day, and looked perfect in the photos. Marie also did a fantastic job styling my bridesmaid's hair, she was very happy with it and it's given her inspiration for her own wedding next year. Thank you very much to Marie and Beauty Call for making me feel so special!"

"The girls were just amazing. They helped to keep the atmosphere calm and enjoyable."

"Excellent service all round. Very professional. The make up artist was a joy to work with on the day and she executed brilliantly"

I had a really patient and helpful hairstylist and I got so compliments on the day, I looked really lovely.!!"

"Just what I wanted on the day. Fantastic service and results and lovely artist."

"Good service"

"It would have been nice for someone to contact me after the wedding day, to see if I was happy with everything and to see how things went"

"on hand for telephone questions my girl arrived on time and worked hard even helped me in my dress and left when i left amazing service very happy with everything i looked amazing Also my trial was great i decided on one hair style and changed it a day before the wedding and that was still possible"

"My make up was wonderful. But my hair didn't last until the church. I don't have any pictures with my hair curly."

"I looked like a film star and was thrilled with the results"

"I was really impressed with the way in which the make-up and hair was done to create my ideal look."

"Dannique was absolutely lovely, and became one of the family whilst providing a great service on the day of my wedding"

"I'd be very happy to see BeautyCall win this award. I never vote in these polls, but was compelled to do so this time as I thought Stephanie was simply brilliant. From the moment I met her at the Open Day Wedding Fair at Wotton House, I felt she would be really good to have on the day. Her portfolio of hair/make-up photos looked really good and she seemed like the type of person who was friendly, easy-going and genuinely wanted to make you feel special and relaxed on the day. I have many friends who were unhappy with their wedding hair/make-up and I was really happy with mine. On top of that, it was great to have Stephanie there in the morning of the wedding as she was very calming and generally a very nice person to have around. My sister in law will be getting married next year and I will definitely be recommending BeautyCall."

"Great service, friendly and professional at the same time."

"i thought beauty call was very helpfull on my trial,took great care to my decisions on both hair and makeup"

"Every commented on how amazing I looked on my wedding day. From the moment I saw what Nikki did for me on my trial date I had every faith in her at my wedding day. Everyone loved what she did so much that she is now booked in to do my friends hair and make up for their weddings. We were also very amazed at how the stylists managed to do my naughty 3 year old niece without any problems at all."

"From the moment we contacted Nicky at Beauty Call we were impressed by their professionalism and follow up of all contact made. She came for a trial of hair and make up and was incredibly patient and the results were absolutely stunning and we felt 100% confident that on the wedding day everything would be fine. The wedding day hair and make up was even better and so many people commented on our hair and make up. We were so pleased."

"I can honestly say that Kim from Beauty Call transformed my wedding day. I would never have felt so confident and radiant had it not been for her amazing work in changing a very plain and older face into a beautiful bride. Between the trial session and the actual day, Kim had clearly considered how best to enhance my features. I have thin eyelashes and she brought along some discrete false eyelashes which she cut to a natural length and these

made an amazing difference. I have tried to do the same myself since that day but have always failed."

"My beautician, Dannique, was fantastic - so friendly and helpful and definately went above and beyond the call of duty...shopping for eyedrops and cucumbers on the day of the wedding for me and helping dress the bridesmaids."

"They are absolutely fantastic, from start to finish and really put your mind to ease and make you feel beautiful and special."

"I decided to book a make up and hair artist very late, and Beauty Call were fantastic from beginning to end. Nicki from Beauty Call replied to my enquiry very quickly and straining the trial was so simple. Being able to pay online made it even teasier. On the morning of my wedding Nicki was more than just hair and make up, she was drill sargeant to my chaotic family, confidante and calm in the storm to me and made everyone look fantastic. I don't know how I would have coped without her."

"Nicky was in touch with me from day one and very focussed on what I wanted. She came for the trial at a time that suited me and made me feel very relaxed. On the wedding day she was amazing. She made me relax and enjoy the morning of my wedding and i was so happy with my hair and make up. I had so many lovely comments and have recommended Beauty Call to all my engaged friends."

"I thought there service was fantastic and my hair and make up artist , Candy, was so lovely and did an amazing job. I have told all my friends who have weddings next year to use them. I can not fault anything about them."

"My artist Kim was just fantastic. From the three trials I had leading up to the wedding, where she listened attentively to what I wanted and was so patient, to the actual day where she not only made me feel beautiful, but also kept me calm all morning."

"Absolutely superb service. I had two different hair and makeup requirements for our wedding day, a look for the day and then a completely different look for the evening. Dannique was fab!"

"Beauty call could not have been more helpful before or on the day and I loved the results"

"Extremely helpful and gave many options of make up artist in my area. Service was good and just what I wanted"

"I wanted the person doing the make-up and hair for myself (the bride) and the bridesmaids to be technically competent but also to be professional and care about being a part of our day. Given that my family were in Australia in the lead up to the wedding and I did not have their support, it was imperative that I felt comfortable and confident with the service being provided. Nicky was professional, friendly and the quality of the hair and make-up was a true 10 out of 10 and all my friends and family thought so too. One friend said recently that I looked like a "Hollywood starlet - truly elegant". It must be said that Nicky also helped out on the day by making little suggestions here and there. For example, when the flowers arrived she told me to check that they were correct. Had I not had this little prompt, the men's button hole flowers would not have been delivered to where the men were getting ready at a separate location and would have been left with us. It is with great satisfaction that I give my vote to beauty call. May it also be said that I have worked with make-up artists in Australia having done film and television costume work and my standards were fairly high given that I'd been on sets for weeks and months at a time and seen the make-up artists and hair stylists continuously in action. I was certainly concerned that I would not get some one as good as one of my contacts at home. However, I did in Nicky and I was wrapped. The hair and make-up was exactly what I wanted and the service professional, friendly, technically excellent, on time, managed her time well, had a calming influence but was social and friendly, and simply delivered what I asked for. I felt beautiful all day and so did my bridesmaids. Many thanks. Please go to the following link if you would like to see some photos: <http://www.captureit.co.uk/blog/paul-caths-wedding-at-warren-house-kingston-upon-thames/> Fondest regards, Catherine Gair"

"As someone who is not your typical 'girlie' and who doesn't wear much make up, I was very nervous about getting my hair and make up done for my wedding. Whilst visiting our venue and various Wedding Fairs, I was struck by how friendly the various Beauty Call representatives where that I met, so I decided to book a trial. My trial, with a lovely lady called Louise went really well - she took the time to listen to me and appreciated my desire to look natural. She was at my home for a long time discussing colours and how I would like my hair. After the trial I wasn't too sure, so Louise was more than happy to come back and re-style my hair and re-do my make up. On my wedding day she helped me stay calm and was incredibly patient when various friends and family members invaded the room to make sure I was ok! She made myself and my bridesmaid look beautiful and I can never thank her enough."

"Beauty Call were very friendly, efficient and good value for money. I am extremely fussy when it comes to my hair but they really know what they are doing. I would not hesitate to recommend them."

"I think that Beauty call are a parent company or franchise and so can only comment really on the hair and makeup artist who helped me before and on my wedding day. Louise was very professional and knowledgable. I was quite clueless about hair and makeup, but she took my vague ideas and put together a wonderful look for me. She also did the hair and makeup for my bridesmaid and mum and they were both very pleased with the outcome. She was also able to arrange a colleague to come along to do hair and makeup for my mother in law and various others. She was calm and patient on our wedding day and helped to create a very relaxed atmosphere. Beauty Call as a company are nicely set up with online records of your payments and various portfolios for all their artists so I could easily recommend the company to others getting married around the country for them to make an enquiry."

"The beautician Sam was so professional and kept the whole wedding party calm."

"Such a pleasant experience on a day that meant so much to me. Stephanie was Very friendly and put my mind at rest and nerves at ease. Everyone commented on my hair and makeup, and it lasted all day!!"

"Everything was perfect and my hair and make-up looked great."

"I was put at easy and felt very relaxed on my wedding morning, no stress a joy in fact. My hair and makeup were both amasing."

Why They Booked (in random order)

"Recommendations online, price and proximity"

"Liked Dannique when we met!"

"When i met Steph Dorelli at the Nonsuch wedding fair i warmed to her instantly. She is very nice and got the style i was trying to explain straight away. Some makeup artisits go for what they think is best and not for what you requested but Steph completely got it and did a fantastic job! Thanks Steph!"

"For my wedding day"

"We looked at several websites and was impressed by what we saw. The price was very competitve and the photos on the site were a great recommendation. We are very pleased with our choice."

Having spoken to two differnt wedding stylists at the wedding fair, I found Nikki to be down to earth and trustworthy."

"They were highly recommended by a friend"

"Rather than get hair and make up done separately or at the local hairdresser, I wanted to use a specialist service. The photos on the web site looked fab and I wanted to look just like those brides. I was not disappointed!"

"I booked for my wedding day. I needed an artist who was mobile and could come to my accomdation which was not located at the venue. Even though Beauty Call is not the cheapest I chose the company because of Stephanie was lovely to deal with and put me at ease"

"I think I've explained why in the comments above, but I'd like to add that all the way through, from inital booking to my wedding day, everyone I dealt with at Beauty Call was friendly, willing to help and nothing was too much trouble. I'd recommend them in a heartbeat."

"Because when i called to see if they could help me as i was getting married in a different area they were really kind and helpful."

"as above, they were excellent."

"I booked Beauty Call because they were very competatively priced, I liked the trial I had and was happy with the result and I was also reassured that they as a company would provide an artist on my wedding day, even if the pre-arranged artist had been unable to attend at short notice."

"Because of the trial and really liked my girl. Felt very comfortable and loved the results of the trial."

"Because the lady I spoke to over the phone was lovely and honest"

"Professional manner and great comments"

"I originally thought that prices were a bit expensive and set about looking for other hair/make-up providers in the area. There were so many that simply didn't look that nice and the prices were very similar. In the end, given that prices were very similar to various other providers, I decided to go with BeautyCall. Their hair/make-up looks extremely professional in the magazines, and I also felt that way during my trial at home. Stephanie was great at listening and taking on board the style that I wanted and felt comfortable with. She made suggestions, most mostly was interested in my being happy. This is not always the case with hair/make-up professionals, so it was much appreciated. Good luck to Beauty Call!"

"I wanted someone else to do my make-up on the day and Beauty call were recommended to me."

"I wanted to look my best on the day and could not have done it myself."

"They were very reasonably priced and had a good body of work on their website to show off their skills. I was also very happy they could do both make up and hair, which saved me time and money hiring separate suppliers. My trial was excellent and reassured me that I had definitely made the right choice."

"From speaking to them and looking at their internet site I was convinced that they were able to provide the professional service that they were offering."

"Good service, reviews and was not too expensive"

"Friendly service, fast responses to all my queries, and they were very helpful."

"Guaranteed availability on the day and price."

"I'm rubbish at doing my hair and makeup, so I wanted a reliable and experienced professional to make me look good in one of London's 5/6* Hotels - and that's what I got!"

"Because they offered good price and excellent staff"

Loved the result from my trial - tried more dramatic eyes than I thought I would have - so pleased with the results. I had soo many comments on our big day on how I took peoples breath away - and this was the makeup !"

"Value for money and liked what i saw and was happy with my trial"

"I'm not very good at doing my own hair."

"wedding"
